- (v) A operação "muda-não-muda" continua atormentando os moradores da favela da FEPASA, no Jaguaré.
- (o) O administrador da Regional de Campo Limpo, Tunanoby Furuya, já confirmou que os favelados serão transferidos para sua área. Mas a assistente social, que trabalha com eles, afirma não ter definição alguma sobre o local da mudança. Furuya diz que a favela da FEPASA irá para um terreno de dez mil metros quadrados, num vale atrás da Estrada do M'Boi Mirim, no Jardim Calú. O local porém não agradou aos favelados, por ser muito distante do local em que trabalham e porque poucos terão condições de suportar as despesas com condução. Assim, muitos dos favelados já começaram a se mobilizar para conseguir o transporte dos barracos até um ponto próximo do local onde se encontram atualmente.
